Trinity Classical Academy desires to provide the best education possible for the students we admit. Due to staffing, funding, and facility limitations, we will not admit some children because the school cannot adequately provide for their learning needs. However, we believe that sound pedagogy, dedicated teachers, small class sizes, and tried and true curriculum can help students overcome certain symptoms of progressive education's prescribed learning disabilities. The nature of the school curriculum necessitates that children who have been diagnosed with learning differences must be able to meet the same academic standards as all other children in their grade level. We are ready to help them achieve this success.
